Dear Sirs:

Enclosed is an updated version of the **IAG Schedule** for May 2010. I ask you both to review for accuracy regarding the status of your reviews of documents. The last schedule was provided to you in March.

I believe I have provided you individually priorities regarding your review of documents. As you know, signature of RODs is a critical milestone for much of the EPA and for the Army definition of remedy-in-place.

Any questions or comments please call or email me.

Sincerely,

A handwritten signature in blue ink, appearing to be "W. M. Roach".
