FFCD DOE-I

Dear Participant of the Federal Facility Cleanup Dialogue:

Thank you for attending the Federal Facility Cleanup Dialogue (Dialogue). Your perspective was essential as we strive to improve the cleanup of federal facilities.

Attached is the summary of the Dialogue meeting held October 20, 2010, in Washington, DC. The document summarizes the Opening Comments, Substantive Themes, Discussion of Suggestions for a Path Forward, and Closing Comments. Also included in the attachment are the meeting agenda, list of participants with contact information and hand-outs from several participants.

I attended the Dialogue as one of my first activities as the Acting Director of the Federal Facilities Restoration and Reuse Office. I was inspired by the suggestions that I heard and challenged by the critiques of the Federal facility cleanup program. I admire the passion expressed by stakeholders for improving the cleanup and reuse process in a way that best serves communities. We are in the process of scheduling meetings with DOD and DOE, to keep the commitment that EPA made in October to meet with the other federal agencies after the Dialogue summaries were completed.

I look forward to working together in the next phase of the Dialogue. Please do not hesitate to contact me, Dianna Young (703-603-0045,

young.dianna@epa.gov) or Anne Marie Hoffman (703-603-0720, hoffman.annemarie@epa.gov) if you have any questions or concerns.

Sincerely,

Reggie Cheatham, Acting Director
Federal Facilities Restoration and Reuse Office, USEPA
703.603.9089 (O); 202.689.9400 (M);
703.603.0047 Kristen Reed, Assistant
